0.1 Professional Objective

A position that utilizes my unique skills and work experience

0.2 Experience

1. Developed all of the coursework for teaching high school 3D animation, media, website design, and desktop publishing
2. Demonstrated Open Source Software all day at a booth in the Music and Art Playground at the National Educational Computing Conference on July 2, 2008
3. Currently building a render farm for the animation and media classes
4. Incorporated five different Linux distributions for class work: Ubuntu-Studio, Musix, and Debian on the desktops, Fedora and Mandriva for servers, and Gentoo for the render farm
5. Software utilized for classwork: The Gimp, Moodle, Wiki, Blender, Cinelerra, Scribus, Firefox, Audacity, Kino, Ardour, Yafaray, Rosegarden, gftp, plus numerous linux office apps and utilities
6. Students used the Drupal website content management system, html and content style sheets for web design class
7. Booted to the Musix live music studio CD in the classroom for ear training, music composition, and video editing in music and media classes
8. Operated a sales organization, adding new products, marketing, advertising, soliciting new clients, sales calls, communicating with vendors
9. Managed and maintained computer labs using only Linux and Open Source Software
10. Taught business applications, document formatting, typing, computer graphics and 3D animation in 2002 using OSS exclusively, i.e. OpenOffice.org Writer and Impress, LYX, The Gimp, and Blender3D
11. Organized and presented at the Linux in Education Spring Conference, 2003 (<http://www.hagle.com> for details)

0.2. EXPERIENCE

12. Installed and operated my own IP network in my classroom, complete with DNS/DHCP servers, an Apache web server, and an Xserver
13. Converted seventeen discarded computers into Xterminals with an Xserver in 2000. Xterminals used the KDE desktop on Linux distribution RedHat 6.2
14. Originator and coordinator of "Linux in Education" and founding member of SchoolForge.net
15. Presented at the TCEA Region X/XI 2006 Fall Convention, TAET Fall Conference in 2003 and 2004, and the Texas Middle School Conference in 1999 and 2000 on the use of Linux in educational settings
16. Administered a Linux/Apache Intranet web server and a Linux file server for Macintosh client computers using Netatalk in 1998
17. Moderated an advanced independent study course on the web server using Discus in 1999
18. Wrote and utilized many interactive web pages for classroom discussion groups, project reports, review/response, and testing
19. Configured and managed a Macintosh Intranet web server using Webstar in 1997
20. Created an interactive web site for Alliance Business Services, Grand Prairie, TX
21. Responsible for installations and software related repairs for all computers on campus, both PC and Macintosh operating systems from 1997 to 2002
22. Participated in the International Cyberfair Festival with students for four years by conducting community research and creating web sites to display results
23. Taught numerous graphic arts, animation, HTML, webpage design, and general computer training courses to students and fellow employees
24. Employed QuarkXPress and digital photography to create a school year-book in 1996

0.3. TEXAS TEACHER CERTIFICATION

25. Setup networked PC, Macintosh, and TRS-80 computer labs
26. Was a Lee Middle School Employee of the Month twice
27. Recommended and purchased software for seventeen elementary schools in 1993-94
28. Wrote, produced, and edited videos
29. Supervised teachers, shipping department personnel, parent groups, and students
30. Established a technology planning committee to identify needs, examine options, and plan for the future of seventeen elementary schools
31. Worked as an intern for a television studio, operating cameras, the switcher, teleprompter, and acting as stage manager
32. Designed color and monochrome brochures with photographs
33. Published a technology newsletter and a school district newsletter
34. Produced and directed numerous plays, concerts, and musicals both for school and community theater and coached students who received the highest state level awards in drama and music
